But information has recently been called for from the D C Mandya Dist as to whether the work may not be postponed to some better times. A reply in the matter is awaited.

Sir,

Subject - Town Improvement and Water Supply Grants for 1943-44

With reference to your letter No L 3214 22 dated 11-9-43, calling for the grants required by the several Municipalities in this District for the year 43-44, I have the honour to forward herewith 3 statements showing the grants asked for under both the heads and to state as follows -

Mandya Municipality.- The Municipal Council propose to construct a separate office building during the current year and have provided a sum of Rs 10,000/- in the current year's budget The question of constructing a separate building is pending, since three years and could not materialise for want of funds In this connection, I wish to state that at present the Municipal Office is being held in the Town Hall Building, where the Mandya Public Library and Reading Room are also located The causes much inconvenience, both to the public and the Municipal Office, especially, when meeting are to be held, when the whole records and furniture will have to be shifted from the hall Thus there is urgent necessity for the separate building As the Municipal Council are prepared to contribute Rs 10,000/- 2/3 of the estimated cost, I recommend that government may be pleased to sanction a sum of Rs 4,000/-

General Market - The idea of having a General Market is pending since 4 years Separate correspondence is going on in this connection The Municipal Council have applied for a loan of Rs 50,000/- for the construction of the General Market They have also provided Rs 10,000/- in the current year's budget As this work is of an urgent necessity and as the Municipal Council is prepared to spend Rs 10,000/-, during the current year, I recommend that a sum of Rs 10,000/- may kindly be sanctioned out of the Town Improvement Grants for 43-44

As regards anti-malaria work carried on in Mandya Town since 39-40, the expenditure of Rs 6,000/- per annum was being met by the Municipality, Sugar Company and Government The Sugar Company, having refused to pay their quota during 42-43, the Municipality had to bear the entire charge After a prolonged correspondence, Government were pleased to sanction a sum of Rs 10,000/- (one thousand), out of K R S Funds for 42-43, 43-44 and 44-45, and the grant of Rs 1,000/- for 42-43 ordered to be met out of the current Year's Town Improvement grant as per G O No L 2206 9/M1 98-42-26 dated 20-8-43 This amount may kindly be sanctioned

Malavally Municipality - The Municipal Council have proposed to form an extension with a view to remove congestion in the town, especially in Bestaragere The Municipal Council had applied for a loan of Rs 14,000/- to meet the cost to improve Bestargere But Government were pleased to state that they would grant a loan of Rs 7,000/-, subject to the condition that the entire loan is to be repaid in one lump As the formation of an extension is of an urgent necessity and as th e Municipal Council is prepared to meet half of the estimated cost, the prayer of the Municipal Council for a grant of Rs 3,508/- may kindly be sanctioned

P T O

Krishnarajpet Municipality - As the resources of the Municipality are very poor, the Municipal Council is not in a position to meet the entire cost of improvements Hence, I recommend that a sum of Rs, 1,500/- may kindly be sanctioned to Krishnarajpet Municipality

Nagamangala Municipality - The Municipal Council have proposed to improve the Shandy Maidan during the current year An estimate for 1,500/- has been prepared and approved by the Municipal Council As the present income of the Municipality is too low, they are not in a position to set apart funds for improvement works Hence, I recommend that an outright grant of Rs 1,500/- may kindly be sanctioned

The Municipal Council have proposed to acquire a house where the retail work class is held in accordance with the instructions issued by the Minister for Local Self Government As they have no funds to spare, they pray that the entire cost of acquisition be granted out of own Improvement Grant I recommend that a sum of Rs 1,000/- may kindly be sanctioned as the Minister for Local Self Government has instructed that the house has to be acquired. As regards the drainage work for which the Municipal Council have prayed for a grant of Rs 3,000/-, I write to state that the drainage work for which a sum of Rs 1,400/- had been sanctioned by government was taken up during last year This work has to be completed as otherwise the object with which the work was taken up would not be fulfilled In the present financial condition of the Municipality, it is not possible to spare funds for this work As this is a minor Municipality with limited income, I recommend that a sum of Rs 3,000/- may kindly be sanctioned to Nagamangala Municipality

Maddur Municipality - The Municipal Council have asked for a grant of Rs 5,800/- to complete the second stage of the drainage work The first stage of the work has been completed and for want of funds, the second stage could not be taken up I recommend that a sum of Rs 2,900/- may kindly be sanctioned

An outright grant of Rs 2,000/- may kindly be sanctioned for the other improvement works for which the Municipal Council have prayed for grants

Melkote Municipality - It is needless for me to state that the financial position of the Municipality does not admit of any expenditure towards the improvement works In view of the importance of the place it is essential to effect certain improvements - repairs to roads, construction of drains etc , Hence I recommend that an outright grant of Rs 2,000/- may kindly be sanctioned to Melkote Municipality out of the Town Improvement grant for the current year

Frenchrocks Municipality - An estimate for a comprehensive drainage scheme for Rs 22,700/- was sanctioned by government and a loan of Rs 10,450/- has been sanctioned to the Municipal Council for payment of their quota, Government were also pleased to sanction their quota of Rs 10,450/- Out of the last year's grants, Government were pleased to sanction Rs 5,225/- and have ordered that the other half of Rs 5,225/- would be met out of the grants for 43-44 I recommend that the said sum of Rs 5,225/- may kindly be sanctioned during the current year

Seringapatam Municipality - A sum of Rs 2,500/- is being sanctioned every year to Seringapatam Municipality for repairs of rampart walls and removal of rank vegetation in the town A sum of Rs 2,500/-may kindly be sanctioned during the current year also

Belakavadi Municipality - This is a Minor Municipality with a limited income The Municipal Council cannot afford to set apart funds for improvement works, I recommend that outright grant of Rs 2,000/- may kindly be sanctioned to Belakavadi Municipality during the current year

As regards the drainage work estimated at Rs 10,640/- and for whcich Government were pleased to sanction half the cost, this was not taken up during last year, Government were pleased to order postponement of the work for the current year As the Municipal Council is not in a position to pay their quota, Government may kindly be pleased to sanction a further sum of Rs 5,320/-, out of the current years grant so that the

so that the work might be taken up at least next year

II Water Supply Grants - The Mandya Municipal Council proposed to supply protected water to Bannur Extension This question is pending since 2 years for want of funds andmaterials, the work could not be taken up As an estimate for Rs 10,100/- has been prepared and as the Municipal Council propose to take up the work, a sum of Rs 5,000/- may kindly be sanctioned , the other half being ordered to be met by the Municipal Council

A sum of Rs 1,200/- may kindly be sanctioned to Krishnarajpet Municipality for digging wells .

An outright grant of Rs 1,200/- may kindly be sanctioned to Nagamangala Municipality to effect the improvements mentioned in the statement

The Melkote Municipality propose to put up few public taps, an outright grant of Rs 500/- may kindly be sanctioned

During last year a sum of Rs 742/- for shifting the pump-house at Melkote was sanctioned As this sum does not suffice as the estimate is revised to Rs 1,937/- by the Sanitary Engineer, a sum of Rs 1,200/- may kindly be sanctioned

With regard to the commitments made by Government in respect of works on hand or those, which were sanctioned and not taken up last year for want of cement and other materials, I write to state that Government, ~~which~~ while sanctioning the drainage scheme of Frenchrocks, Municipality in their order No L 2431-34/M1 111-39-32 dated 29-8-42 have stated that the Government share of the cost of Rs ~~10,000~~ 10,450/-, would bemet in equal proportions out of the grants for 42-43 and 43-44 As the grant of Rs 5,225/- has been sanctioned during last year, the balance may kindly be sanctioned during the current year This is the only case in which Government have proposed to meet the grants promised during last year
